SUMMARY

I am undergraduate computer system engineering student, seeking an internship opportunity that offers professional challenges utilizing interpersonal skills, excellent time management and problem-solving skills.

EXPERIENCE

java programmer

BeProgrammer.org company

📅 06/2023 📍 Jordan

- I completed a training program in Java programming language with BeProgrammer.org company, where I honed my skills in object-oriented programming, data structures, and software development. During this program, I worked on a comprehensive Java project, which involved developing a robust application from scratch, applying industry-standard methodologies and frameworks. This experience not only enhanced my technical proficiency but also strengthened my problem-solving abilities and teamwork skills. For more details on the project, please visit this link

Python programmer

self learning

📅 12/2023 📍 Hebron

- I independently learned Python programming, demonstrating self-motivation and dedication to continuous learning. To validate my expertise, I earned a certification from Great Learning, This self-directed learning experience has significantly enhanced my technical skills and problem-solving capabilities, preparing me to tackle programming challenges effectively.

EDUCATION

Bachelor of Science :Computer system Engineering

Palestine Polytechnic University

📅 01/2021 - 2026 📍 Hebron

- Computer System Engineering
- Palestine Polytechnic University
- Gpa: 93.1%, gpa: 3.9 / 4.00
- Honor List of the Engineering Faculty
- Dean's List [2021,2022,2023,2024]
- Top 1% of Class
